

THE BOOK OF THE WINDS:

ORDINARY POST

2026

Ordinary Post is an ongoing series that explores postal exchange as a medium of artistic action and communication. Situated somewhere between mail art and performative publishing, the series invites reflection on slowness, attention, and the quiet poetics of correspondence.

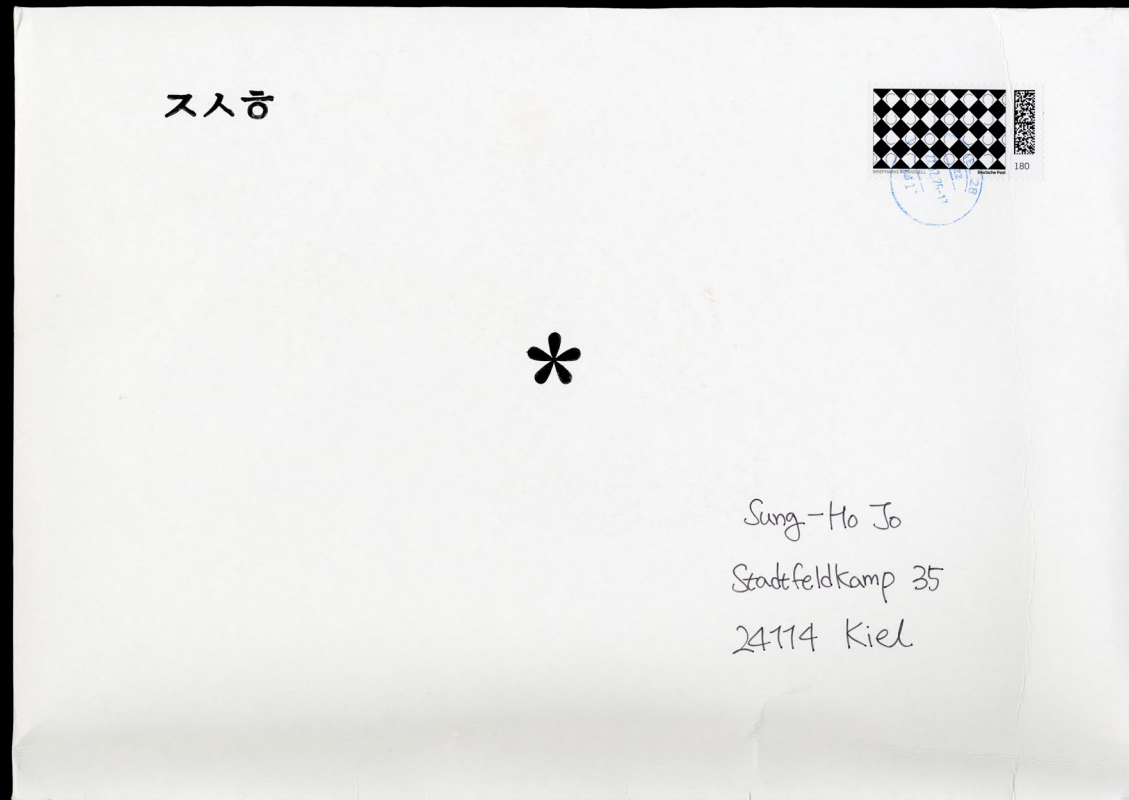

Following the exhibition *des Windes*, the artist's book *The Book of the Winds* flows through the network. By addressing and posting each piece, the project recontextualises the ordinary postal system into a quiet performance of presence.
